

Complete your BSc (Hons.) in just three years

The Emirates Academy of Hospitality Management introduces a new fast-track degree

The Emirates Academy of Hospitality Management will introduce a new fast-track degree from September 2010. The new degree structure allows high performing students to complete their studies in just three years. This option offers significant savings of up to one year's accommodation and living expenses, and allows graduates to enter the workforce one year earlier.

Students on the fast-track degree will take up to five full courses per trimester, thereby completing their degree in as little as three full years. Students on the fast-track degree will need to retain a Grade Point Average (GPA) of 3.0 or better (out of a possible 4.0).

Students who complete high school with grades that are in the top third of the average for their country will be enrolled directly onto the fast-track degree. Students who are enrolled on the normal degree and achieve a GPA of at least 3.0 will have the opportunity to change to the fast-track degree.

Hospitality Programme Structure

Year 1			Year 2			Year 3
