Stenden university Hello World!

An international, enterprising and value-oriented environment. An environment in which you can develop into a citizen of the world. That is what Stenden university offers you. Our education covers a wide range of international and intercultural aspects. For example, you can opt to take the Grand Tour, whereby you will do part of your programme at our foreign campus sites. Or you could become acquainted with different cultures through interaction with our international student population at our Leeuwarden and Emmen campus sites. Each of our programmes is a world in itself: a world full of new discoveries, a world in which you can explore your own limits and work on your personal leadership and creativity.

Stenden offers educational programmes in the fields of Service Management, Education, Care, Economics and Engineering. Twelve associate professorships provide the essential link between the programme and the professional field through applied research.

The English Language Course is designed to provide you with the required English language capabilities to enable you to undertake Bachelor and Master degree programmes at Stenden university and other universities and colleges. The course provides you with the necessary language skills to operate effectively in the Netherlands, Europe and the rest of the world.

The English language course enables you to:

- › Raise the level of your English to an academic IELTS 6.0
- › Improve your English and personal communication skills
- › Gain information about the European culture and Dutch language
- › Increase your awareness of cross cultural differences
- › Socialize in the Stenden university environment
- › Familiarise yourself with the chosen management sector and the Problem Based Learning (PBL) educational method
- › Receive a certificate that grants you access to Bachelor and Master programmes

DURATION

Short course 18 weeks, Long course 36 weeks

COURSE STARTS

February and September

The English Language Course

The English Language course runs for one semester (18 weeks) or two semesters (36 weeks) and consists of intensive classroom study. Besides the 20 hours of classroom activities, the programme also contains various instructional forms, such as lectures, workshops, PBL meetings, practical training and language labs. Assessment takes place in different forms, including written and oral testing, and project assignments that culminate in an IELTS test.

Subjects and Activities

- › **English** (16 hours a week)
Writing, Reading, Listening, Pronunciation, Grammar and vocabulary, Presentation skills, IELTS training
- › **Conversation** (2 hours a week)
Cross cultural communication, Speaking and study skills, Socializing with students from Stenden University
- › **Problem Based Learning** (2 hours a week)
Professional development, Management orientation

Certificate and Letter of Acceptance

Upon successful completion of the programme, you will be awarded a certificate from Stenden university. To qualify for the certificate, you will be required to have participated in 80% of the scheduled classes and to have successfully passed your IELTS test (6.0). As a graduate of the English Language Course, you will receive a Letter of Acceptance that will qualify you to enrol for the regular Certificate, Bachelor and Master programmes.

PROBLEM BASED LEARNING (PBL)

PBL prepares students to work independently and the method will help them acquire knowledge while developing their professional and personal competencies. Working together, students will be required to solve a case by analysing the problem, doing brainstorming sessions, setting individual learning goals, individual case study and fulfilling the learning goals presented by the particular case. Stenden university offers excellent facilities to support this learning method, such as an extended library, computer rooms and specially designed places to meet and discuss.

Your bridge to your BA and MA programme

YOUR INTERNATIONAL OPPORTUNITIES
Once you have received your certificate for the English Language Course, you are ready to enrol in a Bachelor or Master Programme. The Bachelor and Master studies offer you plenty of opportunities to follow part of your study at various locations around the world. You can also create your own ultimate international education experience abroad in a number of ways. A few examples are:

EXCHANGE SEMESTER ABROAD

Expand on your international education by taking an exchange semester abroad at our partner universities in countries, such as Sweden, the United States, Australia, Germany, the United Kingdom, France, China and many other countries (See our website for a complete overview).

INDUSTRIAL PLACEMENT ABROAD

Enhance your international education and work experience, through an industrial placement at one of the traineeship companies worldwide, such as ING, Hilton Hotels, Ikea, Sara Lee and ABN Amro.

GRAND TOUR

The most interesting and unique aspect of the international opportunities available at Stenden university is the option of taking semesters and modules of your curriculum at our own Stenden university campus sites in different regions of the world, such as Qatar, South Africa, Bali or Thailand. Joining the Grand Tour is an adventure that will offer you fun, as well as educational stimulation, while, at the same time, enabling you to master the important international and intercultural skills needed to build a successful (international) career. Each programme in the Grand Tour offers unique added value to your professional and personal development.
