Academic and university success at CTC

The overwhelming majority of students who come to CTC expect to go on to university, usually in Britain, and usually to the very best universities there are, such as those in the Russell Group like Oxford, Cambridge, UCL, LSE, Imperial, Bristol, Durham and Warwick.

A look at the academic record of CTC students in the 2014 summer examinations and their subsequent university destinations will show you just how successful our students have been.

2014 Academic Record

From a cohort of almost 100 students:

- 54% of all grades were A/A*
- Over 35% of students gained three or more A/A* grades
- 65% of the cohort got 360 UCAS points or more (AAA grade equivalent)

Some departmental highlights:

- 76% of all Mathematics grades were A/A*
- 61% of all Economics grades were A/A*
- 80% of all Art grades were A/A*

Where do our students go to university after CTC?

Over 65% of students go to a Russell Group university with UCL being the most popular destination this year (12 students). For a detailed look at this year's destinations and to see what courses they are studying, please visit our website: www.ctc.ac.uk

How do we do it?

Our students are well motivated, expertly taught in small classes and set the highest expectations by everyone at CTC. But part of being a member of College here is the extra support they receive in their university preparation.

Expert guidance

Choosing the right course to study at the right university and then ensuring each student is successful is very important to us.

During a student's education with us, we offer the best guidance we can through:

- Weekly presentations on university entry
- Outside speaker programme
- Frequent individual discussions
- Subject specific presentations
- Practice interviews
- Specific help with Personal Statement writing
- Advice on Extended Project Qualification which we encourage suitable students to take

Specific Course Support

For students wishing to study Medicine, Law and Engineering at university, we offer specialist support through:

- Mentoring programme, linking a current undergraduate with an aspiring one
- Specialist lecture programme
- Visits to CTC from individual universities (e.g. St George's Medical School)
- Interview practice
- Assistance with work experience
- Support for additional tests (e.g. BMAT, UKCAT, STEP)
