Woodbury University, Transition Prgm	2.5	Either or OEAT	400/97/32	4955	4.5	Required*	6

****For all students, a handwritten essay, monitored by the representative, is required. No writing aids or dictionaries are permitted.***

♦For post grad students at LIU, the minimum TOEFL level is 56 to enter the Transition Program. Post grad students who apply without an official TOEFL will be required to complete 8 – 12 weeks of Intensive English at Rennert International and subsequently enter either the LIU ESL Transition Program or their chosen academic program if they have already reached the required proficiency while studying at Rennert.

+ Students with a TOEFL less than 495 will enter the St. Mary's regular ESL program, not the ELB/Bridge Program

***** OEAT is the Objective English Assessment Test. Inquire if a copy is required.**

All students accepted into the English Language Transition programs will receive a conditional acceptance into the regular academic program.

Harcum's ELA program has 6 start dates throughout the year. Students may begin at any level of English proficiency from beginner to advanced. However, a conditional acceptance from any of the above listed institutions can only be offered if the student requires no more than one year of ESL.

Rennert's University Access Program is 12 weeks and has a late May and a mid-October start date. Students desiring to enroll in the University Access Program need to have a minimum TOEFL level of 500/173/61. Students with a lower level of proficiency will enter the regular Intensive English program and subsequently convert to the UAP. The I-20 will be issued from Rennert and students will receive a conditional acceptance into a regular university program.

Manhattan College recognizes completion of the Rennert UAP in place of the TOEFL.

Milwaukee School of Engineering candidates who have not reached the 500 PBT level for the ESL Transition Program may receive an MSOE conditional offer and attend the Wisconsin English Second Language Institute (WESLI) in Madison, Wisconsin. Students may begin WESLI at any level.
